

Vertical Blinds

WESTRAL

Westral Vertical Blinds, with so many colours and fabrics to choose from Westral Vertical Blinds offer a modern and sleek window covering suitable for any room in the house. They are very popular on sliding doors. Simple control options allow you to easily tilt the blades to allow light to enter but keep the direct sun out or stack the blades in the centre, each side or all to one side.

Moisture resistant bottom weights and chains which have integrated step-on protection chain which easily clips on again, chainless bottom weights and sewn-in bottom weights, so many options to suit your requirements.

Huge Choice of Fabrics including blackout and translucent, stripes, patterns plus a wide variety of colours and textures to suit your decor.

Three Tracking Systems available allowing you the choice to suit your budget. There are stack release options so that window cleaning is made easier plus easy remove and replace carrier hooks in case of an accident. Slim stacking of the louvres for maximum view when the blind is stacked back.

Minimum side light-gap at the control end. Controls can be wand or cord and come with child safety systems as standard. All supported by sturdy brackets.

Matching Pelmets available to give the Westral Verticals a more finished look.

Choice of Slat widths to suit your situation, 63mm, 89mm, 100mm and 127mm.

Sloping Windows, either top or bottom slopping, can be catered for to give you a unique covering for that awkward window.

Westral Vertical Blinds are custom made right here in Western Australia using fabrics and components to suit the harsh WA weather.

WESTRAL'S EXCLUSIVE WARRANTY
 With the same WA ownership since it commenced operations in 1973, Westral looks after your investment with a full warranty against faulty products, irrespective of age, conditions apply.
