WESTRAL

SHADE TRACK

Shadetrack Outdoor Blinds have been exclusively designed by Westral and are perfectly suited for patio, alfresco, verandah and balcony areas. Available in a variety of finishes, Shadetrack Outdoor Blinds will enhance your outdoor entertainment area ensuring year round enjoyment.

Features & Benefits

- Offers protection from the sun, UV and glare.
- Reduces the effects of wind and rain. Reduces insect intrusion.
- Manufactured using high grade powder coated aluminium extrusions, stainless steel brackets, brass locking pins and marine grade nylon infused plastics to ensure they can withstand the harshest of environments.
- Contemporary fully enclosed head box design, (optional extra), which will compliment any outdoor setting.
- Child-safe. No ropes or pulleys.
- Available fabrics include: Mesh, Canvas, Acrylic, clear or tinted PVC.
- Easy to use, central control operation comes standard on both sides.
- Flat side retention zip ensures blind operates smoothly.
- Option for additional locking points allows for complete versatility.
- Can span up to 5.85m in width.
- Option to motorise with Alpha 240v Tubular Motors.
- Designed and made in Western Australia exclusively by Westral.

WESTRAL'S EXCLUSIVE WARRANTY

With the same WA ownership since it commenced operations in 1973, Westral looks after your investment with a full warranty against faulty products, irrespective of age, conditions apply.
